

School Library Media Centers in the 21st Century Changes and Challenges Libraries Unlimited Professional Guides in School Librarianship

By Kathleen W. Craver

Libraries Unlimited. Hardcover. Book Condition: New. Hardcover. 216 pages. Dimensions: 9.6in. x 6.4in. x 0.8in. School library media centers are at a critical juncture. Over the next decade, schools will undergo fundamental technological, economic, societal, instructional, and administrative changes. Craver discusses the major forces for change confronting school libraries, analyzes their implications as a guide for future decision making, and recommends that school library media specialists assume a leadership role in meeting these challenges. The work provides current data and statistics on future trends in technology, employment, education, society, instruction, and school administration that can help the school library media specialist to formulate forceful arguments for the acquisition of new technologies, instructional reform, and full implementation of resource-based learning. School library media specialists who need to plan and make decisions about the future of their school libraries will find this book an invaluable resource. To visualize the future, Craver creates contrasting scenarios of utopian and dystopian school library media centers in the 21st century. Chapter 1, Technological Trends, discusses the digitalization of all media and the implications of the technological revolution on the school library media center. Chapter 2, Economic Trends, considers the impact of demographic changes and declining budgets and...
