By W Lash Miller

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The New Requirements in Chemistry: For Junior Matriculation and for the Departmental Examinations of the Province of Ontario In the new Regulations of the Education Department of the Province of Ontario the work formerly prescribed under Chemistry of the Lower School has been changed by the omission of The Atomic Theory and Molecular Theory and the insertion of Mixtures, solutions, chemical compounds, elements, combining weights, chemical formulae and equations, with easy numerical examples ; while to the Chemistry of the Upper School there has been added Chemical and physical reactions, rates of reactions, reversible reactions, chemical equilibrium, and the paragraph requiring a practical examination has been removed. These changes have been adopted by the University in defining the work for Junior Matriculation. Some of these subjects - chemical equilibrium, for instance - are new, and are introduced to bring the teaching up to date; others, such as mixture, element, etc., were implicitly prescribed in the old curriculum, but by printing them among the Requirements their importance has been emphasized. It is hoped that this little...
