Thoughtworks Publishing. Paperback. Book Condition: New. Paperback. 558 pages. This well-written book details safe, alternative cancer treatments that are obtainable NOW. It clearly explodes the myths about alternative cancer treatments and explains why non-toxic methods are often more effective than conventional toxic ones. Dr. W. John Diamond, co-author of *An Alternative Medicine Definitive Guide to Cancer*, wrote: If you want to consider using alternative and complementary medicine for yourself or a loved ones cancer, this is the book to read first! Dr. Julian Whitaker, founder of the Whitaker Wellness Institute, wrote: . . . This book gives patients and their loved ones an action plan for evaluating conventional and alternative treatments as well as offering a measurable dose of hope. *Outsmart Your Cancer* not only provides some of the best alternative treatment information on the market, but also provides the reader with chapters about other key issues for recovering from cancer as well. One of these enlightening chapters is a one-of-a-kind presentation on the dangers of hormone-blocking drugs given to men for prostate cancer and why those drugs may reduce a mans chances for recovery, rather than improve them. The book is also the definitive source of information for the amazing liquid cancer treatment called Protocol, which has produced countless incredible recoveries over the past twenty years, many of which were achieved by people with stage four cancer who were given NO hope by conventional medicine! An unsolicited Amazon. com reviewer wrote: I credit *Outsmart Your Cancer* with the cure of my cancer in three areas: lung, tonsil and neck. I was given a 5 to 15 chance of living by a panel of oncologists. As a result of using the Protocol formula along with this book as a guide, I have survived for more than three years and now have...
