Indeed, Division 47 of APA is devoted to "the scientific, educational, and clinical foundations of exercise and sport psychology." The North American Society for the Psychology of Sport and Physical Activity (NASPSPA) and the Association for the Advancement of Applied Sport Psychology (AAASP) convene conferences each year to present scientific findings and new developments in a rapidly expanding field. The AAASP and other organizations also qualify professionals as certified sport and exercise psychology consultants. Finally, a visit to any bookstore will reveal the lay public's fascination with sports, as revealed in numerous self-help books and guides to perfecting athletic performance. Behavioral psychologists have studied sport psychology for more than three decades (Martin, Thompson, & Regehr, 2004)....
