BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 124 pages. Dimensions: 9.7in. x 7.4in. x 0.3in. Pursuant to a congressional request, GAO reviewed the treatment of fourth class midshipmen and cadets at Department of Defense service academies, focusing on the: (1) extent of hazing at each of the academies; (2) academies actions to control and eliminate hazing; and (3) impact of hazing on cadets and midshipmen. GAO found that: (1) the distinction between allowable fourth class indoctrination and improper fourth class treatment was unclear to a significant number of cadets and midshipmen; (2) the majority of the students at all three academies indicated that during their fourth class year they had been subjected to upperclassmen screaming in their faces, verbal harassment, memorizing and reciting trivia, and using study hours to prepare for fourth class duties; (3) the officers on the commandants staffs generally concurred with the extent of hazing cited by the students, except for the Air Force Academy officers; (4) academy disciplinary records revealed that few individuals have been charged with hazing; (5) the Military Academy and Naval Academy made changes in their fourth class indoctrination system which focused on positive leadership development techniques; (6) there was a strong correlation between self-reported exposure to hazing-type treatment and higher frequency of physical and psychological stress symptoms, lower grade point averages, thoughts about leaving the academy, and lower motivation toward making the service a career; and (7) the majority of students, especially those in the upper classes, held traditional views regarding the purpose and operation of the fourth class system. This item ships from La Vergne, TN. Paperback.
